

# TRAVEL COLORING CASE

ACTIVITIES

Keep the kiddos busy and having fun in the car by assembling easy travel coloring cases. All you need is crayons, our printable character cards and travel-sized first-aid kits that you can find in the toiletry section of most drug stores. A travel soap container would work great too!

## 1. Print out our character cards and cut them out

## 2. Empty first aid kit and fill with cards and crayons

## 3. Color on the go!
